of South Georgia

2010 REPORT TO THE COMMUNITY

Multiplying the Gift, Maximizing the Impact

Dear Friends,

We are so blessed to see on a daily basis what makes living in South Georgia so special, Our People! The heart of the people of South Georgia is one of compassion, selflessness, service, and generosity. It is our privilege and honor to be able to see this giving spirit come to life through the philanthropic gifts we get to facilitate for our donors and non-profit organizations. Since the inception of the Community Foundation of South Georgia in 1995, we have been able to grant over \$43 Million to deserving charitable causes throughout our communities and our country because of the heart of the people of South Georgia. What a tremendous accomplishment and the future is even brighter!

As of the end of 2010, the assets of the Community Foundation have risen to over \$57 Million. These dollars have been gifted by donors and non-profits throughout South Georgia to continue the legacy of charitable giving and philanthropic activities in our communities. The people of South Georgia understand that “truly it is more blessed to give than to receive” and they display that not only through giving of their finances, but also in giving of their time and energy to make South Georgia a better place to live.

Thank you for allowing us the opportunity to assist each of you in fulfilling your philanthropic dreams. We will always be here to serve you and assist you in making South Georgia an even better place to live for future generations.

Sincerely,

David M. Carlton
